

February 2, 1976

I would like to make one more request ... or a request I should say. This morning we saw, on Select File, three of the four bills on Select File were asked to be held over, postponed. It's very difficult to arrange an agenda if we do not make this known the day prior so I can build it into the agenda for discussion instead of having it on the agenda and then must ask for unanimous consent or otherwise to make the change. It would be much better if we would have an area for these, make a request for some date certain. I will provide a space if I'm aware of the bills that are in question for further time and consideration. If you will either let my secretary know, or me know, we will have a clear and a more clear-cut agenda.

PRESIDENT: Thank you, Mr. Speaker. We're now back on LB 275 which has been held. Read your motion, Mr. Clerk.

CLERK: I move to reconsider our action on Final Reading of LB 275. Signed, Senator Luedtke.

PRESIDENT: Senator Luedtke. Which side was Senator Luedtke on?

CLERK: Senator Luedtke was on the prevailing side.

PRESIDENT: Alright.

SENATOR LUEDTKE: Mr. President, this is the next motion in order to bring it back. I move that we reconsider. I've already given the reasons for it. I just repeat that we reconsider the action.

PRESIDENT: Any further discussion? The question is shall the Legislature reconsider its action in the passing of LB 275 on Final Reading. Record your vote. Was the emergency clause attached, Senator?

SENATOR LUEDTKE: No, it was not.

PRESIDENT: Please vote. Record.

CLERK: 26 ayes, 0 nays, 23 not voting, Mr. President, on the motion to reconsider the action on LB 275.

PRESIDENT: The motion prevails. We shall reconsider our action on LB 275. Senator Luedtke.

CLERK: Another motion on the desk, Mr. President.

PRESIDENT: Read the motion.

CLERK: I move to return LB 275 to Select File for the attached specific amendment. (Read amendment offered by Senator Luedtke found on page 504 of the Journal).

SENATOR LUEDTKE: Alright now, Mr. President, I would just move that we do move it back for the consideration.
